

# Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

## New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wipe with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

## THE OUTLAW MURDER CASE

Went to the Jury Yesterday At One O'Clock

### EIGHT SPEECHES MADE

Case Had Been Hard Fought And Long Drawn Out

The Outlaw case went to the jury shortly before one o'clock yesterday after arguments by eight attorneys, occupying more than a whole day and a night session.

Speeches were made for the defense by attorneys Hunter Wood, W. H. Hooks, T. P. Cook and C. H. Bush. For the prosecution by L. Yonts, John Feland, John C. Duffy and Denny P. Smith.

No limit could be put upon the flow of oratory as the court of appeals has decided that a curtailment of argument is a cause for reversal. The case was still in the hands of the jury at the hour of going to press.

### Probably Fatal

Globe, Ariz., June 15.—Although Deputy Marshal G. W. Morris was dangerously wounded by a hat pin which penetrated his abdomen Monday while attempting to arrest a woman, he did not realize the fact until today.

The woman fought desperately, beating the officer over the head with a bottle, and he did not notice the tiny wound in which the steel had broken off until examined yesterday. He probably will die.

## DEATH LIST REACHES 34

### Typographical Union Lost 13 Members in Fire.

Montreal, Canada, June 14.—The addition of five names to the list of missing of those who were in the Herald building yesterday when the sprinkler tank collapsed now makes it practically certain that the death list will run up to 34. So far only nine bodies have been recovered. Excepting one, they have been identified, the exception being that of a woman burned so that identification is impossible. The Typographical Union reports the loss of thirteen members.

The coroner's investigation to fix responsibility will be started tomorrow.

### Fatal Duel.

Latonia, Ky., June 15.—A duel in which one man used a Flobert rifle and the other a shotgun resulted in the fatal wounding of Charles Demiens, a contractor and farmer, here yesterday. Albert Spears, a prominent horseman, who has a string of thoroughbreds now racing at the Latonia Race Track, fired the rifle, while Demiens opened the attack with the shotgun. Spears gave himself up last night to the Covington authorities. The quarrel resulted over a contention as to whether or not Spears could let out his horses on a tract of land owned by Demiens. Spears was released on bail.

### Killed by Lightning.

Richmond, Ky., June 15.—D. W. Bayse, of Shively, Jefferson county, Ky., timekeeper of the East Tennessee Telephone Company, having charge of the construction gang here, and one of the company's horses was struck and killed by lightning near here this afternoon.

### Sheep Quarantine.

Every sheep in Kentucky will be placed under the ban of the State-wide quarantine, effective not later than August 1, and the quarantine will not be raised until owners of sheep have complied with the general order of the State Livestock Sanitary Board which will be issued probably next Wednesday.

## Tobacco News.

The local tobacco market shows no material change from conditions reported last week. Offerings have been of fair value and in quality and general condition on an average with recent offerings. Prices remain about the same as those obtained during the past few weeks, the demand being active. Sales this week will foot up about 250 hogsheds.

### Teachers' Talks.

In the Southern School Journal for June appears a series of short addresses or sentiments, one from each county, read by teachers at the Annual Convocation of County Superintendent at Bowling Green in May. Those for Christian and Trigg counties are given below:

#### CHRISTIAN COUNTY.

Not only for mere scholarship is our standard of Christian county, but also for the true cultivation of mind and spirit that will insure the future welfare of our state. The teacher must make his sincerity, simplicity and enthusiasm felt, while earnestly endeavoring to cultivate in the child's mind the power of thinking and working for itself, which is the end and aim of true education. —Irma Armstrong.

#### TRIGG COUNTY.

The people are realizing at last in Kentucky the need of a broad and generous equipment for the teacher. Besides personality and love for school work, the teacher must have special training and professional preparation before entering the school room. The source of the best professional work is our Normals, through which all the common schools in the state can best be reached. —Lora Goodwin.

## JARRETT WINS MEDAL

(Continued from First Page)

Promise to Pay".....Edward Danforth.  
Essay, "Southern Chivalry on the Decline".....Martha Kelly.  
Oration, "Across the Chasm".....Wm. Oglesby Soyars.  
Class Prophecy.....Gwynneth Bartley.  
Chorus, "Vocal Gavotte".....Wilson.  
Address to Graduates.....Prof. E. C. McDonald.  
Delivery of Diplomas and Announcement of Honors.....Supt. Hamlett.  
Chorus, "Hour of Parting".....Eduardo Marzo.

### Benediction.

Edward Danforth and Oglesby Soyars won golden opinions by both the subject matter and the manner of delivery. The latter was the contestant in the Western Kentucky Oratorical League at Paducah last February, winning the championship in the opinion of two of the three judges, but by a manipulation of gradings the medal was presented by the third judge to a young lady contestant from Paducah. The award gave such dissatisfaction that the real winner's friends took up a subscription and presented him with a much handsomer medal than the one he had won. His speech this time fully sustained his previous reputation and was in every way a most creditable effort.

The class prophecy by Miss Bartley was a take-off on the various members of the class, happily conceived and read in a clear, well-trained voice that reached every part of the room. Her paper was one of the decided hits of the occasion.

### SIX-FOOT OATS.

### The Tallest Bunch Seen This Season.

Mr. Gabe L. Campbell brought in a sample of his oat crop which measured six feet in length. The oats are of the spring variety and he has about four acres of the above height. His entire crop looks most promising. The oats growing on a four acre lot are just heading and will probably reach the height of seven feet before cutting time.

### Attention Odd Fellows.

Members of Green River Lodge are requested to meet at their lodge room at 2:45 o'clock tomorrow (Sunday) afternoon, to attend in a body the memorial services of the Knights of Pythias lodge at the Union Tabernacle. A full attendance of the membership is desired.

## Tooth Hints!

"When ought we to go to the Dentist?"

Many think it unnecessary to devote particular attention to the teeth until the mouth is affected by broken or decayed teeth. Others give their teeth no attention until pain compels them. Every one who thinks a moment on the subject knows that we cannot masticate our food satisfactory, if one of the teeth is tender, inflamed or otherwise out of order, and that if this be the case, the mouth requires immediate attention.
